

IP90

2-Megapixel • H.264 • ONVIF
Day & Night Network Camera

Security Is One Less Thing You Have to Worry About with Compro IP Camera

- 2 megapixel sensor, up to 1600 by 1200 resolution
- H.264/MPEG-4/MJPEG compression and dual video streaming
- Day / Night functionality with IR LED, IR-cut filter, and IR-corrected lens
- Smart motion and audio detection
- Full-duplex bi-directional audio communication

Feature Highlights

2 Megapixel Sensor

The 2 megapixel resolution lets you view details and identify subjects at least four times better than on a conventional CCTV camera.

Day & Night Functionality

6 IR LEDs plus an ambient light sensor enable you to see people or objects even in total darkness.

Mechanical IR-Cut Filter

IR-cut filter can filter out infrared light in the daytime, producing better color reproduction.

Infrared-Corrected Lens

IR-corrected lens helps the camera deliver clear, sharp images in various lighting environments.

ONVIF Support

Pair the camera with various ONVIF-conformant equipment to build a surveillance system that best suits your needs and preferences.

Plug-n-Play Functionality

Instantly view and share your camera on the Internet without any router configuration.

Composite Video Output

View live camera video on a large TV screen instead of a small computer monitor.

microSDHC Card Slot

Store event snapshots and event recordings right to your memory card.

Two-way Audio Communication

Eavesdrop on the monitored area or broadcast your voice to intruders over the Internet.

Alarm and Sensor Integration

Digital I/O connector allows the camera to trigger alarms and start recording when break-in occurs.

Motion and Audio Detection

The camera can record video or trigger alarms or alerts when motion or screams are detected in specified areas of the monitored site.

Real-time Event Notification

Automatically send an instant SMS or Email alert message to specified recipients when security is compromised.
